Apologies

Wendy Blackburn, Marjorie Roome,

Teign Scullers 21st Anniversary

JE reported that Laura Ott has agreed to lead on the organisation of this event. CA to liaise with JE and LO about what has been done so far and LO to progress the planning.

LB asked if anyone has any photographs of rowing at Coombe Cellars to be used for the flyer that she is designing. Please send to LB if you have any.

British Rowing and Coastal Rowing

ME had circulated an email to the committee from BR in which three proposals were outlined for the involvement of BR in the Coastal Rowing Calendar. In summary, BR has collated the Coastal Rowing events in one place on their website and is now proposing further involvement. The consensus was that we as a club would opt for Option 3 (choosing not to be included on the calendar) but this will be discussed with our fellow coastal clubs in due course.

Coastal Rowing Crews

This is to be discussed on Monday 3rd March by ZS, ME and WB.

AOB

CA asked if we have paid our WEARA subs yet. HL thought not but no invoice or request has been sent. HL to action this.

CA reminded the committee that a WEARA representative is required as she is standing down this year,

JE is hoping to have capsized tests organised at Trinity School soon.

ME is still trying to fix up the dates for the next Introduction to Sculling Course. Once these are established LB will do the flyer to advertise this.

LB asked for items for the January/February newsletter to be sent to her asap please.

The meeting finished at 1940h.
